## 3. CONFERENCE EVENT DESCRIPTION

### ICE BREAKING ACTIVITY

Icebreaking activities are a great way to welcome and warm up the conversation amongst participants in this Conference. These icebreaker activities are aimed to ensure that all the participants feel comfortable with each other; they interact and get to know each other before the rest of activities start. It will be a good way to introduce students to the other participants and to reinforce the relationship among all the countries and nationalities.

This activity will take place in Castelldefels near Barcelona. Even though the center where the activities will take place is near the sea, there won't be any water related activities. The "Canal Olímpic de Catalunya" offers a wide variety of land-based physical and team challenges.

### **DIALOGUE SESSION**

The Dialogue Session which will take place during the Opening Ceremony is an opportunity for participants to talk to each other and to share personal opinions, stories and experiences. It is a chance to listen and learn about other points of view. The session will be moderated and a given topic related to the Conference will be discussed.

### **PROJECT PRESENTATION**

There are some time slots allocated for the project presentations for each team. These presentations will be carried out in the school auditorium to the rest of participants, teachers and Jury. All the topics in the abstracts are very interesting and we all can have the opportunity to hear about all the teams' projects.

### **ACTIVITY AT THE SCHOOL OF CINEMATOGRAPHY (TERRASSA)**

The Parc Audiovisual de Catalunya is located in Terrassa, declared by the UNESCO as a City of Film. It is a very important centre of audio visual production for very important movies, TV Shows. The professionals working in this center will run the production of videos for each one of the topics developed in each discussion group. The final videos will be projected at the Award Ceremony on the last day of the Conference.

### **SAGRADA FAMILIA GUIDED TOUR**

La Sagrada Familia Temple is a large unfinished Roman Catholic church in Barcelona, designed by Catalan architect Antoni Gaudí (1852–1926). Gaudí's work on the building is part of a UNESCO World Heritage Site, and in November 2010 Pope Benedict XVI consecrated and proclaimed it a minor basilica, as different from a cathedral, which must be the seat of a bishop.

Relying solely on private donations, Sagrada Familia's construction progressed slowly and was interrupted by the Spanish Civil War. In July 1936, revolutionaries set light to the crypt and broke their way into the workshop, partially destroying Gaudí's original plans, drawings and plaster models, which led to 16 years work to piece together the fragments of the master model. Construction resumed to intermittent progress in the 1950s. Since commencing construction in 1882, advancements in technologies such as computer aided design and computerized numerical control (CNC) have enabled faster progress and construction passed the midpoint in 2010. However, some of the project's greatest challenges remain, including the construction of ten more spires, each symbolizing an important Biblical figure in the New Testament. It is anticipated that the building can be completed by 2026—the centenary of Gaudí's death.

### **COOKING MASTERCLASS: TAPAS**

A fantastic activity into the world of Spanish tapas- perfect for sharing with friends. This activity will be hosted by a chef, who will give you some background into the stories of each dish together with the tips and techniques to bring each tapa to life.

### **OPEN BUS TOUR**

Barcelona City Tour boasts a fleet of 40 double-decker buses with a panoramic upper deck affording a unique view of the city. The lower deck is air-conditioned and all our vehicles are equipped with anatomical seats to make your trip more comfortable. We will have a 3 hour private tour and we will be able to see the main city attractions.

### **GOTHIC QUARTER VISIT**

Barcelona's Gothic Quarter (Barri Gòtic) dates back to the Middle Ages, and the neighbourhood's age is evident in its narrow winding roads, shady plazas, and beautiful architecture (including three major cathedrals). Passers-by find gems tucked away in the nooks and crannies off the narrow streets—think trendy restaurants, chic bars, and boutique shops. The area's proximity to the La Rambla pedestrian mall also contributes to its popularity.

### **GROUP DISCUSSION**

For this activity, students will be distributed in different mixed groups to talk about a topic or issue. It is a very good scenario to voice their views and thoughts on a particular topic or subject. The aim of the discussion is not only to describe the issues, but more importantly, to come up with possible ways of solving these issues.

### **OTHERS**

On the outing to Barcelona there will be a visit directly related with a security center which has to be confirmed by authorities. We will send you information in the next Information Pack 4.

#### **4. QUESTIONS & ANSWERS**

***What happens if your group arrives the previous weekend or leaves the following weekend?***

##### **Accommodation**

That is not a problem at all. Our host families will be more than happy to host the students. The hotel rooms for teachers can also be reserved for those days.

##### **Transport from and to Barcelona airport (El Prat)**

We will be picking up and dropping off groups during those two weekends.

##### **Activities**

If there are some groups interested, we can organise an activity for the previous weekend.

***Will there be transport for teachers from the hotel to the school and vice versa?***

Indeed. There will be a bus picking up teachers and other participants to bring to school. There will also be another bus to take you back to the hotel from the school.

***Will there be a teachers' activities program?***

Leisure activities will be organised for teachers some of the evenings. In the next Information Pack we will send the options to see if you are interested.

***Is there anyone from the Conference organization if a student or teacher has a problem with the accommodation at any time of the Conference?***

We will have a member of the Conference Committee staying at the hotel in case you need anything. Students and families will also have the contact number of their "accommodation coordinator" if needed.

#### **5. FINANCIAL INFORMATION**

The registration fee for the Conference is 280 Euros for each student participant. Teachers and administrators do not pay any registration fee. They will pay for accommodation and any meals not included in the Conference program.

The conference fee for students will cover airport transportation, accommodation, all meals, excursions and transportation within the conference program.
